### Grayling Plans For 54th Annual Winter Festival

Leave the weekends of February 10-11th and 17-18th open for local fun and family frolic. Those two weekends will provide activities for young and old as Grayling celebrates its 54th Winter Carnival.

Festivities begin with a kick-off gourmet buffet dinner at the Red Barn, honoring our new Winter Carnival Queen who will be selected at that fete. The event will be held on Thursday, February 8th at 6:30 p.m. Last year's queen, Janet Kucharek, will turn her reign over to some lucky Crawford County gal to represent Crawford County for the next year. There will be races at Hanson Hills followed by a Ski Ballet put on by the Hanson Hills Ski Patrol. The afternoon will feature, among many other things, a fun Snowmobile Drag Race on the parade grounds of Camp Grayling. Hay rides around the Hanson Hills area will be followed by a 10:00 p.m. Torch Light Parade on skis to conclude Saturday's events.

On Sunday, February 11th, the Carnival will continue with a Pancake Breakfast at the American Legion Hall sponsored by the Grayling Booster Club. Snowshoe Golf and many other activities throughout the day will follow.

The second weekend will feature winter events like canoe races (brrr!) down the AuSable River ... Downhill Innershoe Races ... Downhill Canoe Races ... Arts & Crafts Show ... Hay Rides ... Arm Wrestling (get those muscles flexed!) ... and a lot of skiing for everyone.

Grayling promises to make this the best ever in winter carnival activities for the whole family. A complete schedule of weekend activities will appear in next week's edition of the Avalanche.

#### Grayling Man Injured In Snowmobile Mishap

A snowmobile accident this past Sunday, January 28th, sent a Grayling man to Mercy Hospital for treatment of a possible broken ankle. James Champion, 51, was injured in a mishap occurring near Dollar Lake gravel pit. Crawford County Snowmobile experts were called to the scene and used their rescue sled to evacuate the victim from the scene of the accident.

#### Students To Present Folk-Rock Vocal Concert Thursday, February 1st

On Thursday evening, February 1, a group of Grayling High School students will present a performance of the folk-rock mass "Rejoice". The concert will be held in the Joseph Stripe Auditorium and will begin at 8:00 p.m. There will be no admission charge.

Participation in the "Rejoice" choir is a prerequisite for students who plan to audition for the up-coming production of the Learner and Loewe Broadway Classic, "Brigadoon" which will be presented in early May.

#### BIGGEST OF THE SEASON

#### Grayling Community Programs To Sponsor Flea Market February 10th

What has been billed in the past as the Biggest "Off-Season" Garage Sale in the north will once again be sponsored by the Grayling Community School Program. This year's gala event has been scheduled for Saturday, February 10. The flea-market/garage sale event will be held in the Grayling High School Cafeteria.

Anyone of the Grayling or surrounding area who has a desire to clean their garage or basement and exchange some of that old, unused merchandise for money, is cordially invited to come and participate in what will surely be a fun and interesting day. Persons who are interested in setting up a booth should contact the Grayling Community School Office either by mail or phone.

#### Food Stamp Program Eligibility

The federal Food Stamp program has undergone some significant changes for 1979, and can now be a more advantageous program to many of the families who have never before participated. If you believe you may be eligible, apply at the Social Services office in Grayling, or at one of the Township Halls in Crawford County during the first week of February.

On Monday, February 5th, applications will be taken at the Senior Citizen's Center at Ausagra Acres between 9:00 and 11:00 a.m.; on Tuesday, the 6th, at South Branch Township Hall, from 1:00 to 3:00 p.m.; on Wednesday, February 7th, at Frederick Township Hall from 1:00 to 3:00; on Thursday, February 8th, at Lovells Township Hall, from 1:00 to 3:00; and on Friday, the 9th, at Beaver Creek Township Hall from 1:00 to 3:00.

Written verification must be provided for all income and resources, when applying for food stamps. Take along your check stubs or statement of earnings; Social Security check (or bank receipt for same), pension, Unemployment Compensation, VA benefits, support or alimony, income from rent or roomers, interest, dividends, and proof of all other income. You should also take along any bank books, including checking and credit union statements. Also needed is verification of any property you own, (not including your home), but including vehicles, livestock, campers, boats, etc.

Because allowances can be made for some expenses, you should also take your utility receipts and your medical, [See Food Stamps on page 14]

#### Grayling Man Dies in Motel Fire

Crawford County Sheriff's Dept. Deputies and the Michigan State Police Fire Marshall Division are jointly involved in the investigation of a fire that took the life of a young Grayling man this past Sunday morning. Gary William Mott, 23, Grayling, lost his life in the blaze that destroyed a building located approximately five miles from town on M-72 West. Cause of the blaze, to which volunteer firemen were called at approximately 5:45 a.m. on Sunday, remains undetermined.

An obituary notice on Mr. Mott appears on another page of this week's Avalanche.

At 10:00 a.m. this Saturday, February 3rd, White Pine Stampede candidates will launch out on a ski event that will span 50 kilometers, (or 32 miles), in the State of Michigan's longest cross-country ski event. Race officials are expecting a turnout of some 400 skiers, some to brave the 50 km. course, while others will head out in an attempt to conquer the shorter, 20 km. event, in a

pure and complete test of personal energy and endurance.

A special pre-race White Pine Stampede Kick-Off Breakfast is scheduled for this Saturday at the San Sheri Restaurant, located on Old-27, six miles north of Grayling, with introductions of special guests and preliminary remarks set to start at 7:30 a.m. A nominal cost of \$3.25 for the breakfast, which includes eggs, saus-

age, pancakes, potatoes, coffee, etc., will be charged.

Interested citizens are cordially invited to witness the start of the event, scheduled to begin at Twin Peaks, near Frederic, and follow the course by way of ten check points on plowed roads until its conclusion at Mt. Mancelona.

#### White Pine Stampede Highlights

Coursing over four counties and through rugged,

Northwest Michigan forestlands, the White Pine Stampede, Michigan's longest cross-country ski event, gets underway Saturday, February 3rd.

The third annual Stampede will start at 10 a.m. from Twin Peaks, near Frederic. It will wind up at Mt. Mancelona, in the community of Mancelona, 50 km later. A shorter, 20 km (12 miles) race will end at Cameron Bridge on the Manistee

River, at the Crawford-Kalkaska County line.

To date, over 150 skiers have registered for what has come to be recognized as one of the state's premiere marathon events in the fast growing sport of cross-country skiing.

Last year's Stampede drew over 200 entrants. Race director Jack McKaig of Mancelona estimates near 400 skiers for the upcoming [See Stampede on page 2]

#### Merchants Meeting Changed to Friday

The Downtown Merchant's Association monthly meeting has been changed from Thursday until Friday of this week at the Chief Shoppe-nagons Motor Hotel, for this month only.

Main speaker at the luncheon meeting will be Representative Ralph Ostling, President Curt Jansen stated Monday.

The reason the meeting was changed this month, Jansen said, was to accommodate Rep. Ostling's time schedule as he is in Lansing until Friday.

Jansen urged all members to attend these informative meetings the association holds each month.

#### M. M. Church Notice

Due to Rev. Spencer's illness the Michelson Memorial United Methodist Church has temporarily cancelled their 8:30 Sunday morning services.

Rev. William Fraser will be preaching each Sunday thru February at 11:00. Church School is at 9:40 a.m. for all ages.

#### Cong. Davis' Aide Here Feb. 8th

MARQUETTE: Congressman Bob Davis' District Representative - Mr. Charles Goddeyne - will hold office hours in Crawford County on Thursday, February 8, 1979.

Any citizen wishing to discuss a matter involving federal, state or local government is invited to visit with Mr. Goddeyne. No prior appointment is necessary.

Mr. Goddeyne's schedule is as follows:

February 8: 10 a.m. to 12 Noon, Grayling, at the Crawford County Court House, in the Small Court Room; 12 Noon to 1 p.m., Senior Citizens Nutrition Program, in Grayling, at the Grayling Housing Commission; and 3 to 4 p.m. at Frederic at the Frederic Township Hall.

#### To Hold Auditions At Kirtland

Kirtland Community College will hold auditions for the musical comedy, Pippin, Thursday, Feb. 1 and Friday, Feb. 2 from 6:30 to 8:30 p.m. in the college auditorium. They need singers, musicians, actors, dancers, magicians, and acrobats. Those auditioning should come prepared with a musical number to show off their talents.

Pippin is a kaleidoscopic story based loosely on the life of Charlemagne's eldest son - an idealist trying to find himself amid the bawdy pleasures of court, the pandemonium of battle, the aggravation of being Holy Roman Emperor, and the multi-faceted exertions of being a common laborer on the estate of a rich widow.

The show, which opened in 1972, has had a very successful run on Broadway and in regional theatres throughout the country. With a recipe of magic, mime, acrobatics, humor, dance, drama, and beautiful music, the show is a success wherever it plays.

## Elite Airborne Infantry Rangers Training Here

(Photo by Pfc Mike Maiselson)

By Lt. Dennis Wilk  
Public Affairs Officer

Since arriving at Camp Grayling on 21 January 1979, 500 members of the United States Army's most elite Airborne Infantry unit has been conducting winter skill training from various field locations.

The 2nd Ranger Battalion, stationed at Fort Lewis, Washington, is one of only two Ranger units in today's active Army. The training stay at Camp Grayling will only be a portion of the world-wide training this highly mobile Battalion will participate in to maintain the highest state of readiness of any unit today.

Other areas the unit has trained in the past are: Alaska, Germany, Panama, Canada, and Hawaii as well as many locations within the Continental United States. Winter training for the Rangers will include the use of snowshoes, cross country skis and the chance to develop cold weather survival skills.

Throughout the training period the Rangers will attempt to adapt their patrolling techniques and navigational techniques to the snow covered terrain of Michigan. The majority of the training will be conducted from the Company field bivouac areas, where the Rangers will utilize an Ahkio, a sledlike device which

contains a tent, field rations, and a small set of survival equipment which is pulled behind the unit as it moves. Training will also revolve around various live fire exercises utilizing the many weapons in the Ranger Battalions unique inventory. The impact area on the northern portion of Camp Grayling will be utilized for Small arms fire, and indirect fire from the organic mortars along with some Tactical delivery missions from the local Air Force units.

The overall goal of the Ranger Battalions is epitomized in the words of the late Chief of Staff of the Army, General Creighton Abrams: "The Ranger Battalion is to be an elite, light, and most proficient Infantry Battalion in the World; a Battalion that can do things with its hands and weapons better than anyone."

The Battalion is expected to be able to perform all traditional light infantry missions to include: movement to contact, the daylight attack, the night attack, delays and withdrawals, the defense and other special missions in support of the policies and objectives of the United States of America. The Ranger Battalions are the Epitome of the United States military readiness and therefore perhaps the most cost effective unit in the United States Army.

#### County Stats

According to Leo E. Lovely, Crawford County Clerk, there were 267 births in the county during 1978, and 177 deaths.

There were 109 marriage licenses issued, 177 civil action suits started and 63 criminal cases started.

#### To Enforce Snowmobile Use Of Railroad Right of Way

The Detroit and Mackinac Railroad Company has requested that the Prosecutor and local law enforcement personnel attempt to enforce a state law which prohibits any vehicle from using railroad right of way property.

Snowmobiles traveling along the railroad right of way create a dangerous situation by packing ice around the railroad tracks. The ruts and ice created by snowmobile

traffic is sometimes extensive enough to cause derailment of trains.

Moreover, a substantial [See Snowmobile on page 8]

#### Lovells Club To Meet

The Lovells Hook & Tugger Club will meet on Tuesday, February 6th at 6:30 p.m. at the Town Hall. This will be a potluck. The guest speaker will be Wendell Hoover, giving a talk on wild turkeys.

#### Masons To Meet

The Regular meeting of Masons will be held Thursday, February 1st at 7:30 p.m.

#### Neilson-Bonkowski Represent County on District Health Dept.

The District Health Department No. 1 held its 1979 organizational meeting at the main office at Lake City on Tuesday and elected Phyllis Yearnd, Wexford Co. Commissioner, as chairperson of the eight member board. Donald Bosscher a Missaukee Co. Commissioner, was elected vice-chairman.

The Board of Health is composed of two county commissioners from each of the counties that make up District No. 1: Wexford, Missaukee, Kalkaska and Crawford. Crawford County welcomed Andie Neilson and Jacqueline Bonkowski as new members to the Board of Health. In Kalkaska, Lloyd

Hofstetter, Kalkaska County Commissioner, joins Elery Williams on the board. Wexford and Missaukee counties are also in District No. 1.

Mrs. Yearnd conducted the day's business meeting and set up the meeting schedule for the year. The District No. 1 Board is also a component of a Regional Associated Board of Health which includes the Tri-County Health Department - Grand Traverse, Leelanau and Benzie Counties. The associated board meeting dates were also set. Thomas Cardinal, M.D., is Regional Medical Director for all seven counties and Jack Cinco is the Regional Administrator.

Other business included appointing Margaret Larsen, Public Health Nurse, to the position of Coordinating Nurse for District No. 1, effective January 22. This appointment came after the retirement of Margaret Albright, Supervising Nurse, who served our area for over 17 years.

#### Warning

Range firing will be conducted by units of Michigan Air National Guard during the period 31 Jan, 1-4 and 6-11 Feb 1979.

The Air to Ground Range and Artillery Range which is located east of Guthrie Lake and north of County Road 612, will be in use during this period.

Small arms, field artillery, and high performance fighter aircraft will be firing on this range.

This range will be closed during the above dates and all persons are warned to stay out of the range area.

**PEN PALS AT GRAYLING MERCY HOSPITAL**  
Mrs. Akers' fourth grade class wrote to some of the patients at Mercy Hospital and asked if they would like to be our pen pals. There are fourteen patients that are the pen pals. Our class writes to the pen pals almost every week. Each student has his own pen pal. We sent them a gift for Christmas. It was a frame with our picture in it. We made the frame by hand. We got the picture at home. We like having pen pals at Mercy Hospital. We hope they like having us as pen pals. We are very lucky to have pen pals. Not many people have pen pals.

### CARD OF THANKS

To our friends of Grayling: Perhaps you sent a lovely card, Or sat quietly in a chair. Perhaps you sent a floral piece, If so we saw it there. Perhaps you spoke the kindest words, As any friend could say: Perhaps you were not there at all. Just thought of us that day. Whatever you did to console our hearts, We thank you so much whatever the part.

By the family of Sally Hoag, Vern, Gary, Rick and Mike

## Youth Services Opens New Office

STEVE RISON (center) presents a certificate of appreciation to Jim and Joanne Shively, owners of the Grayling Red Barn for their generous donation to the Youth Bureau from proceeds received from a recent Disco Dance.

A KEY to officially open the building is presented here by Steve Rison (left) to staff members of the Youth Services Bureau (left to right): Rod Denley, Youth Counselor; Laureen Shively, Runaway Counselor; Gary Henning, Employment Coordinator and Paula Morey, Youth Services Secretary. Missing at the time the picture was taken was Teresa Joseph, Runaway Secretary.

by Joe Schrader

Thursday, January 25th marked the official opening of the Youth Services Bureau at 308 Cedar St. here in Grayling. The occasion was observed with an all-day Open House ceremony for interested local citizens. The opening culminated two years of effort by the department and heralded the kick-off of a fund-raising campaign, monies donated to be allocated exclusively for youth services programs in Crawford County.

The new facility houses the Rainbow Runaway Service as well, under the direction of Laureen Shively. Typical of the programs offered at the agency include:

**Individual Counseling:** One on one group counseling for young people and their families. Phone for information or appointments.

**Job Service:** We accept appli-

cations from all youth for seasonal job programs. Stop in and meet our Employment Coordinator.

**Epilepsy Coping Group:** A coping group for young people and their parents to assist them in handling the experience of epilepsy.

**Big Brothers and Big Sisters:** A Youth Services Bureau sponsored program to give every young person a positive parent figure.

**Rainbow Runaway Service:** Rainbow provides youth with a no-hassle environment in order for the youth to deal with feelings and alternatives pertaining to their present situation. Counselors attempt to help open the lines of communication between youths and parents, hopefully so they can produce positive decisions affecting their lives.

**Youth Services Bureau Diversionary Program:** A cooperative program of the Youth Services Bureau, Grayling City Police, Crawford County Police, State Police and Department of Natural Resources Law Enforcement Division. Youths are referred from these agencies to divert them from the Court System for first offences.

**Outer Limits Program:** An intensive outdoor program to develop self confidence and resourcefulness in youth. Activities include hiking, backpacking, cycling, and canoeing.

**Book Exchange:** Youth Services has a book exchange program starting. Bring in your books to trade and swap or just browse around.

Five area youths were involved in remodeling of the new facility and owner of the building, Mr. Charles Long, was credited with donating the carpeting. A Juvenile Justice Grant was obtained to finance the remodeling and furnishing of the building. The project began in October and occupancy took place in early December.

Further information on the agency and services available can be obtained by calling 348-7702 or 348-2098.

## Band Students To Compete

The Grayling High School Band Director, Jeff Bennett, announced today that a group of band students will participate in the District II Solo & Ensemble Festival scheduled for this Saturday, February 3rd in Elk Rapids. Eight band members will compete in the solo category, including Carolyn Ayers (Bass Clarinet), Todd Gabriel (Alto Saxophone), Sue Weeber (Flute), John O'Mara (Trumpet), Jim Kitch (Trombone), Bob Knepp (Tuba), Gary Contrell (Trumpet) and Shawna Watters (French Horn).

Ensemble groups will include Colleen Witter and Marian Matyn playing a clarinet duet while Sue Weeber and Sue Prause will play together in a flute duet. A percussion quartet made up of students Todd Duncley, Dave Lindsay, Jay Schrader and Gary Pettyjohn will also compete. Todd Gabriel and Carolyn Ayers will play together in a duet on alto saxophones.

Individuals, groups or ensembles earning a 1 Rating will be eligible to continue on to the State Festival.

## Stampede

(Continued from page 1)

White Pine. "Normally at this time of the season we might have 50 to 60 entries," McKaig said. "So far, our race committee has processed over 150 entries, and more are arriving daily."

### Special Awards ...

Each skier finishing the 50 km White Pine Stampede will receive a specially-cast and registered medal to mark their accomplishment. Skiers completing the 20 km course will receive a smaller version of the original medal.

In addition, other awards will be presented to the top finishers in each of 44 skiing classifications, at a special awards ceremony to be held at Mt. Mancelona following the end of the 50 km race.

### Trail Grooming ...

The entire length of the 50 km White Pine route has already been packed once, according to Gus Konopnicki of Grayling, race committee member in charge of trail grooming.

"Depending on how much snow we get between now and race time, we'll be over the course several more times," Gus said.

Arrangements to set two independent ski tracks the length of the course, the day before the race, have also been made.

### Aid Stations ...

As in previous years, Stampede skiers will find numerous aid stations along the race route, offering refreshments. These stations will also be in radio contact with race committee headquarters, should any problems arise for participants. A soup and sandwich meal will be provided at the Mt. Mancelona finish line for all racers. It will be served by the Mancelona Chamber of Commerce.

## From Our Corner ...

We're at a loss tonight in finding something to start our corner with ... We didn't have our visitor from 404 Ionia St. stopping to complain about something we have no control over ... Nor did she stop just to say I'm going bowling, so we will have to start this one on our own this week ...

We were asked the other day if Grayling was going to have another opossum hunt on February 29th like they had two years ago? We hadn't heard this year, so we checked with the President and Vice-President of the last year's highly successful hunt, and were told that evidently the opossum has been put on the endangered species list, the Federal government has put out a directive prohibiting the hunt.

Both officers wished not to be identified and stated they were sorry there wouldn't be a hunt, and it looked like it was going to be a long February.

The following is our first mistake this week, (that is, what we got caught at) ... It concerns the Valentine Card Party to be put on by Mercy Hospital Auxiliary, and was in last week's edition.

"RETRACTION PLEASE..."  
"Wondered if maybe we could have a note of retraction on the price of the card party tickets ... Last weeks article stated the tickets were \$12.50 instead of \$2.50. We had lots of response to this article because of the price ... and we enjoyed all the comments, but I'm so afraid someone is going to think that the tickets actually are \$12.50 ... Thank You."

Earlier Monday morning we were accosted by Eb Fie the some time personable Mayor of South Peninsula St. Seems as how we had a wrong phone number in an ad last week that so happened to be his ... problem is, his is unfixed ... He was quite irate with us until we calmed him down so we could check the copy ... and would you believe, old infallible us came out on top ... copy was wrong ... but that was early Monday morning ...

We don't like to thank persons from our corner ... but, tonight we're going to make an exception ... Chuck Fick just came blasting through the back door with his weekly 'Our Weather' we run ... (just to show our summer friends who are in that no snow belt just what they are missing). We asked, seeing as how he just plowed his own trough down the alley, how come he didn't finish the job so we could get out to go home ... Danged if he didn't finish the job ... Our problem is, we have to wonder what favor he is going to ask us for.

We attended the highly successful swiss steak dinner last Saturday night at Auman's, which was put on by the Booster Club ... in fact, they told us we were lucky to be able to partake in the delicious food as they ran out and had to refund to quite a few late-comers ...

Now if you are wondering why we had to mention the above, it just so happens it is the only out we have to bring up the health of T. J.

Seems as how, while we were fraternizing and drinking orange pop, the subject came up that we had left some of our readers with a question as to how T. J.'s bout with meningitis really was coming along ...

To all of our concerned readers, of whom we are thankful for your thoughts, we received a phone call Monday evening from Toni, and we talked with T. J., and if we can still get a ticket for her, T. J. will be accompanying us to L.A. to visit her cousin, Amber.

Smile and be happy ... as you are reading this trivia, and if you are Irish, there are only 45 days until St. Pat's Day.

## The Bible Speaks

From Calvary Baptist Church

### Why Baptists Don't Baptize Babies

Centuries of hatred and persecution have challenged the Baptist to defend their position on Infant Baptism. Even in America the General Court of Salem in 1644 enacted a statute which threatened banishment from the Colony for any person opposed to baptism of infants, attempted influence of others on the issue or leaving the congregation during the ministrations of infant baptism. In the same year, Thomas Painter, of Hingham, was tied up and horse whipped for refusing to have his child baptized.

Just as Baptists oppose abortion because it violates the rights of an unborn baby, we also oppose the violation of soul-liberty by infant baptism and church membership. No one is baptized in the Bible except believers in Jesus Christ. Babies cannot be believers until they reach the age of accountability. No one has the right to determine the eternal destiny of another person. There is not a single scripture which teaches Infant Baptism. There is not a single illustration of Infant Baptism in the Bible. We believe all babies who die are saved, but none by Infant Baptism.

Even Theologians who promote Infant Baptism, often feel forced to name Baptist and their position before presenting the opposing view. For example, "Baptist deny the right of infant baptism, since children cannot exercise faith, and since the New Testament contains no command to baptize children and does not record a single instance of such baptism. Yet this does not prove it unbiblical." - Louis Berkof, "A Summary of Christian Doctrine." 2. The Proper Subjects of Baptism, b. Infant baptism, page 158. From the above beginning, the author moved to a series of considerations known as Covenant Theology. We Baptist have rejected any interpretation of the Bible which builds positive doctrine upon absence of truth or Biblical silence.

Infant baptism can be dangerous to the baby. If he is taught to rest his assurance of salvation upon his baby baptism or membership in a certain church since his cradle days, he may not realize his need to confess his sins and accept Jesus Christ into his heart by faith. He may go on through life and spend eternity in Hell because he

trusted in a few drops of water and a piece of paper his parents arranged for him as a baby. If today's article makes you upset or angry, please get your Bible and a good concordance and study it out for yourself. Look up every verse in the Bible which speaks of Baptism.

Please get in contact with me if you find me wrong. Church, 348-9220, or Home, 348-2264. "He that believeth and is baptized shall be saved; but he that believeth not shall be damned." Mark 16:16. It is believing, not baptism, which determines both salvation and damnation. The Bible does not say he who is not baptized will be damned, - anywhere. (adv.)

## Crawford County Housing Commission Minutes

Grayling State Bank — December 7, 1978 — 9:00 a.m.

Members Present: William Ellingboe, Evelyn Gardiner, Bernard Hinkle, Gordon Thompson.

Others Present: Mary Kesteloot, Wanda Cardinal, Ray Beckett, Lee Crull, Al Harland, Jr.

The meeting was called to order by William Ellingboe, followed with roll call.

Approval of Minutes from November 2, 1978: MOTION made by Gardiner, support by Ellingboe, to approve the November 2, 1978 Minutes as printed; Carried. All Aye.

Application Discussion and Review: One application was reviewed with a cost estimate of rehabilitation of more than \$20,000.00. It was determined that the resulting value would not justify the cost. It was recommended to investigate the cost of replacement housing.

Two applications were reviewed that totaled \$40,000.00 for rehabilitation work. Replacement housing was recommended for both applicants.

There was a conference between an applicant, the housing inspector, and the contractor on the project pertaining to the work done on said project. There was an on-the-spot inspection by a member of the Commission and the housing inspector. The deficient items were listed and presented to the contractor for correction, within a time limit.

Six applications were reviewed for rehabilitation with a combined cost estimate of \$72,910.00. Motion was made and supported to put these six projects for bid.

One bid was received on an application that was determined to be in excess of the resulting value. It was decided to put the project for re-bid.

Ellingboe asked if we couldn't go with the CETA crew in cases like this where the bids come in too high, or where there is only one bid. It would be nice to have something like that to fall back on.

It was delegated to the Acting Director to explore the possibilities of using the CETA crew for rehabilitation work, and hiring a contractor for supervision.

Financial Statements and Voucher Lists: Financial statements and voucher lists were presented for October and November for review and approval. It was noted that the 1st year programs have been all completed and closed out. The balance in the 1st year Escrow account is the result of the pay-backs on loans.

MOTION made by Ellingboe, support by Gardiner, to approve the financial statements and voucher lists as presented; Carried. All Aye.

OTHER:

Jan Cornell: Ms. Cornell was unable to attend. The point she wanted to bring up was that she felt that the Director of the Housing Commission should also be in charge of the CCCRI, since they are both connected with housing. She also stated that CETA crew could be advantageous to use.

Desk Expenditure: The military sent a request for the return of all the desks they had loaned to the County. We purchased two desks and a typewriter stand. The bill came to \$291.36; with a 20% discount from the Grayling Office Supply.

MOTION made by Gardiner, support by Ellingboe, to approve paying the bill for the two desks and typewriter stand; Carried. All Aye.

Application for Director: It was decided that the regular application form that is available from the Clerk's office would be used. Advertising is to be done in the Crawford County Avalanche, and the Herald Times. Job descriptions will also be available for anyone who picks up an application.

Living Expenses were presented for an applicant who was out of their home while the rehabbing of their property was done.

MOTION made by Ellingboe, support by Hinkle, to pay the living expenses incurred; Carried. All Aye.

Report on Public Hearings: Summary was provided on two public hearings held on November 21, and November 22, 1978. No citizen participation at either.

Conferences: Summary was provided on two conferences; Displacement Conference in Lansing, November 18, 1978, and HUD 312 Training in Pontiac, November 29, 1978.

Kesteloot presented information that had been received at the office on an Existing Housing Inspection course that is being offered at Madison, Wisconsin, January 8-10, 1979. The Housing Inspector, Lee Crull, feels that he could use this type of course to reinforce his knowledge of the different aspects of inspections, i.e., wiring, plumbing, and in particular, the legalities involved. The projected expenditures were: Travel: \$170.00 per person; Lodging: 30.00 per person; Registration: \$85.00 per person. Ms. Kesteloot noted that she felt that any additional knowledge that is invested in for the Commission is to the advantage of same, and makes for a more effective and efficient operation.

MOTION made by Gardiner, support by Hinkle, to provide expense monies in the amount of \$700.00 to send Lee Crull and Mary Kesteloot to Madison, Wisconsin, for the Existing Housing Inspection course, January 8-10, 1979; Carried. All Aye.

Kesteloot asked the Commission to think about the possibility of drafting an arbitration agreement between the contractor and homeowner.

Kesteloot approached the possibility of retention of 10% of a project for further insurance that a contractor would live up to their one year warranty on projects.

ADJOURNMENT: MOTION made by Ellingboe, support by Gardiner and Hinkle, to adjourn at 12:00 p.m. until Thursday, January 4, 1979 at 9:00 a.m.; Carried. All Aye.

Mary Kesteloot  
 Acting Director - Secretary

The taped proceedings of this meeting are in the Crawford County Housing Commission office, Courthouse, Grayling, MI.

## Genealogical Research

Did members of your family settle and build a town? Were any of your kin inventors? How and why did your ancestors come to America? How do you begin a search for your "roots"? A special course entitled "Basic Genealogical Research", offered by Kirtland Community College, beginning on February 1, in Roscommon, can help you find the answers to these questions.

Where to look for historical documents and records in the U.S. and Canada, as well as how to research and request such documents will be included in the class. Collection and analysis of the oral histories or personal accounts of older family members will be discussed. Also stressed will be note-keeping techniques, photographs, and writing a family history.

Such research may reveal an ancestor's intense struggles in early America dealing with long voyages, cross-country treks, famine, flood, epidemics, or even armed conflicts. Our ancestors built America on farms, in small towns, and in cities. They were the shopkeepers, farmers, ranchers, miners, the builders and factory workers, who sweated and bled themselves to pass on the prosperity and technological progress we enjoy today. Learning about the past struggles of our families enables us to appreciate the benefits these struggles wrought, in understanding the genes and characteristics we may have inherited, and in understanding the contribution we make for our own descendants.

Further information concerning the "Basic Genealogical Research" can be obtained by calling Kirtland Community College at 517/275-5121.

## OBITUARIES

**Gary W. Mott, 23**  
**Victim of Fire**

Gary W. Mott, 23, of Grayling died at home Sunday, January 28th as the result of a house fire. Funeral services were held on Wednesday, January 31, 1979 at 10:00 a.m. at St. Mary's Catholic Church with Rev. Father Thomas Neis officiating. Rosary service was held at 8:00 p.m., Tuesday, January 30, 1979 at Sorenson Funeral Home. Interment was in Elmwood Cemetery.

Gary was born in Pontiac on June 13, 1955, moving to Grayling seven years ago from Union Lake. He was employed as a carpet layer. Gary had managed a local softball league, played and coached on the Plaza Bar team, and managed the local pool league.

Survivors include his parents, Robert and Dorothy Mott; six brothers, Robert of Howell, Gordon and Donald of Glenwood Springs, Colo., Joseph of Walled Lake, Wayne and James of Grayling; four sisters, Sherylann Nieminen of Lake Orion, Pamela Campbell of Union Lake, Denise Mott of Gainesville, Fla., and Doreen Kehr of Vancouver, Wash.; his maternal grandmother, Mary Chivas of Melbourne, Fla.

**Former Resident**  
**Dies in Florida**

Forrest Duane Vincent, 42, of Parrish, Florida, died Tuesday, December 19, 1978 at his home.

Born in Michigan, he moved to Parrish 22 years ago from Grayling. He was a cabinet maker and a member of Suncoast Christian Church of Bradenton.

He leaves his wife, Rita A.; two sons, Dean and Michael; a daughter, Cynthia, all of Parrish; his parents, Mr. and Mrs. Forrest Vincent of Alford; and two sisters.

Funeral services were held in Ellenton, Florida on December 20, 1978. Burial was in Mansion Memorial Park.

## YOUR WEEK AHEAD By DAMIS

**Forecast Period - February 4 to February 10**  
**ARIES** Mar. 21-Apr. 19 Chances are pretty good you'll be moving things around at home by the end of the week. Company's coming.

**TAURUS** Apr. 20-May 20 A good time for travel. Be ever alert for a challenge to your mental resources.

**GEMINI** May 21-June 20 Financial matters must be discussed with your partner. Two heads can find solutions that elude the loner.

**MOONCHILD** June 21-July 22 Keep emotions in check. One you love presents a challenge but it's not near as bad as you think.

**LEO** July 23-Aug. 22 Behind the scenes activity enables you to clarify changes you've been mulling for sometime.

**VIRGO** Aug. 23-Sept. 22 Consider new approaches in dealings with groups or associates. The best laid plans sometimes are better set aside.

**LIBRA** Sept. 23-Oct. 22 Does it seem as though you are the scapegoat when career matters go wrong? Patience will right things.

**SCORPIO** Oct. 23-Nov. 21 A too talkative tendency leads you into revealing things better unspoken, or — "watch your tongue."

**SAGITTARIUS** Nov. 22-Dec. 21 Beware of tricky intuitive stirrings. Give extra care and attention to suggested financial ventures.

**CAPRICORN** Dec. 22-Jan. 19 See what the other person is up to before changing your course of action. Partners could become rivals.

**AQUARIUS** Jan. 20-Feb. 18 Look to one whose trustworthy advice spells out the joys and pitfalls of a new assignment.

**PISCES** Feb. 19-Mar. 20 Speculative ventures should be held in abeyance. A pleasing romantic encounter is likely.

## Bits O' Talk

by Fay Bovee

There seems to be a shortage of news this week after everyone has settled down from the holidays and are spending all of their spare hours shoveling that white stuff. Vacationers: Grayling is spending the winter on the rooftops. I think some have slid off their roofs right onto the heap of snow they shoveled off!

Pat Harwood, take notice! It seems we invited friends to partake of the luscious swiss steak dinner that the Boosters Club was putting on Saturday night. Well, Pat and Margie sat right there eating and never offered us a bite — They ran out of meat so we can't tell you how good it was! (Whitley didn't offer us any of his either!)

CPT. and Mrs. James Bedard (nee Vicki Wells) announce the birth of a son, Nicholas Wells Bedard on January 24, 1979. The little guy weighed 9 lbs., 3 ozs. Grandmother Wells is in Richland, Michigan helping take care of the mother and new baby, who are both doing well.

Mr. and Mrs. Walter Galvani announce the arrival of a daughter, Grace Mary, weighing 9 lbs., 10 ozs., born January 26, 1979. Mrs. Mary Galvani and Mrs. Jennie Torri are the proud grandparents.

When the grandchildren come to visit, George and Bernice Hilton will both have a great-grandson to hold — two of them arrived within a week of each other. Christopher George Urie arrived on January 17, 1979, in Lansing, to James and Cathy Urie. He weighed 8 pounds, 8 ounces. Cathy is the daughter of Tom Hilton of Portland, Thomas Seth Lester arrived in Brownville, N. Y., on January 23, 1979 to Thomas and Donna Lester. He weighed in at 9 pounds. Donna is the daughter of Terry Hilton of Jacksonville, Fla.

Col. and Mrs. David Hanson, Col. and Mrs. Lippert and Col. and Mrs. Norman Schmooch were in attendance at the military ball held in Lansing on Saturday, January 20.

Mrs. Claude Lester (nee Cathy Stripe) and children, Henry Joe and Arthur, arrived in Grayling on Monday night after being met by her parents, Mr. and Mrs. Joseph Stripe, at Detroit Metro airport. They came from Estahon, Iran, where her husband had been teaching in the American School. Because of the lack of students, the school was closed and Claude went to Singapore where he will begin a new teaching assignment on Wednesday. Cathy and the children will remain here for several weeks before joining her husband in Singapore.

## Host Charlevoix Friday night; Blue Devils Burn Vikes, 75-46

by Joe Schrader

"We rebounded on an even basis with them," commented coach Fred Wolcott following his team's 75-46 loss to Gaylord last Friday night, "but the ball just wouldn't go into the hoop for us." The blue Devils jumped off to a 10 point lead in the first quarter and stretched its lead to 15 points by the half-time break. The Vikes outscored Gaylord in the third quarter 16-12, but a 25 point scoring outburst in the last stanza insured victory for the Blue Devils, whose league-leading record now stands at 12-1.

Geoff Stancil, 6' 1" forward for the Vikes, led the team on offense with 20 points, upping his season game average to 19+ points per contest.

Grayling took on Roscommon Tuesday in non-league play and will host Charlevoix in an MHS-conference clash, Friday night. Jeff Parkinson added 11 points for the Vikes last Friday night, Mike Chrisman hit for 6, Skip Olsen and Tim Krey added 4 apiece, Jeff Schrader added 2 and Mark Whaley, 1.

In the preliminary contest on Friday, Coach Warren "Butch" Hayes' squad upped its record to 8-4 following a 68-63 win over the Blue Devils. John Junttila topped the Vikes with 25 points and Bill Roach added another 14.

### Snowfall Hinders Meter Reading

CADILLAC, MI.—Because of heavy snowfalls this month, many Consumers Power customers may receive estimated gas and electric bills this month and possibly even in February, W. C. Allen, District Manager of the utility's Cadillac District, said today.

Deep snow means that many meters have become virtually inaccessible to the company's meter readers, Allen reported.

Customers will be able to determine if they received an estimated bill since all estimates are clearly shown by the symbol E in the code column in the meter reading section of the bill. The estimate will automatically be adjusted at the next actual meter reading, according to Allen.

### Serving in Middle East

Navy Fire Control Technician Second Class Mark N. Post, son of Douglas V. and Hazel L. Post of 100 Stuart Place, Grayling, recently departed for deployment in the Middle East.

He is serving as a crew-member aboard the guided missile frigate USS Talbot, homeported in Mayport, Fla., and currently operating as a unit of the Commander U.S. Middle East Force.

During the cruise, the Talbot is scheduled to participate in several training exercises with other Navy units and those of allied nations. Post visits are scheduled in several Middle East coastal cities.

The Talbot, a 415-foot long "Brooke" class frigate, is equipped with guns, missiles and rockets and can operate independently or as part of a naval task force. Additionally, she is outfitted with a landing platform and normally carries a light airborne multi-purpose (LAMP) helicopter for long range detection and attack of submarines.

Post joined the Navy in September 1974.

### Bits O' Talk

By Fay Bovee

A short chat with Blanche Michelson from Higgins Lake tells us that son, Mike, is doing well in California as a car salesman and Patti lives in Mason, and her husband is a professor at MSU.

The two new smiling faces and pleasant voices at the Avalanche office for the past few months belong to Bobbi Martinez in the front office and Alice Galvani in the bookkeeping department. The girls have been hard at work rearranging the offices and making improvements. Every time I step in, something else has been changed!

Grayling Sportsman's Club sunflower seeds on sale now at C. F. Fick & Sons, 113 Fig Street.

Mr. and Mrs. Dick Dawson of Cadillac and Mr. and Mrs. Wesley Dunham of Lansing were in Grayling over the weekend to visit their mother, Mrs. Clara Dawson.

Mr. and Mrs. Richard Mansfield and boys, David, Douglas, and Dennis, moved on January 19 from Helen Drive to their newly acquired home on the corner of Peninsular and Ogemaw Streets. The house was known many years ago as the Schoonover home, and had also been the Carl Englund home for many years before the Mormon Church used it for a year or two. Good luck on your remodeling! Visitors to see the house have been frequent and on Saturday, her brother and family, the Russell Gilberts of Traverse City, visited.

Mr. and Mrs. Roy VanLuchene and family have purchased the Richard Mansfield home on Helen Drive and have moved in. The VanLuchenes came here from Houghton Lake and Mr. VanLuchene is employed in Gaylord. Welcome to our community.

### Viking Ski Teams Now 20-3-1

The Grayling Ski Teams near the end of January with a combined record of 20 races won, 3 lost and 1 tied. The Girls' team sport a perfect 6-0 meet record and the Boys' team dropped to 5-1 after last week's loss to Gaylord.

This week is a big test for us as we face Petoskey. Last year Petoskey won the league, won Regional titles and finished second in the State with their ski teams. Only two racers were lost through graduation, one boy and one girl.

Last week the Viking Girls won two meets, defeating Harrison 32-48 on Monday and dumping Gaylord 20-71 on Wednesday.

Top skier was Sherri Reed winning 3 out of 4 races. Stephanie Fick placed 4th and 6th Monday, and had 2nd in both events on Wednesday. Jean Wieland placed 5th and 8th Monday with a 5th and 4th place finish on Wednesday. Sheri Wieland skied to a 5th and 8th place finish on Monday and improved to a 4th and 3rd on Wednesday. Toni Trudgeon was consistent all week as she placed 6th in three races and 7th in the other.

The Boys split last week, defeating Harrison 30-58, but falling to Gaylord on Wednesday, 48-27.

Jerry Weiss turned in the best performance for the boys last week as he placed 4th in three races and 8th in the other. Joe Wieland placed with two seconds and 13th and 11th, Scott Norman two 1st's, a 10th and a 4th. Jerry Norman, a 2nd, 3rd, 6th and 8th, Todd Gofnick a 9th and 11th. Craig Ostlander a 5th, 7th, 12th and 13th. David Burn finished out the order for the Vikes placing 9th in one race and 13th in the other.

## Great guessing game begins

Richard Milliman

It's less than two years before the next presidential election, and The Almanack has so far neglected to share our own version of the great guessing game. For the obvious dereliction of duty, I apologize. It completely slipped my mind.

But to make amends, herewith is the first of what will undoubtedly be scores of essays directed toward the 1980 presidential election.

Candidate guessing on any level is a fascinating game, and even moreso on the presidential level. The rules are simple: There are no rules. And besides that, any number may play. One more point: The less you know about it, the freer you are to play the game.

The only clear contest appears to be on the Republican side; oh, somebody may challenge President Carter to turn the Democratic tent into an interesting sideshow. But at this point, it's not likely. After all, he's a sitting president, and history shows that's about as safe as any candidate can be.

So the first task is to get a listing of all the Republican possibilities. Of course, the roster changes from day to day. The Gannett news service came up with a listing the other day, which seems as logical as most I've seen. So here goes, on the Republican guessing game, with my own probability estimates as of more than a year before the first primary. Proceeding alphabetically:

U.S. Rep. John B. Anderson of Illinois. Generally lumped into the liberal category. Chairman of the House Republican Caucus. Not well known generally, outside of Congress. Chances: Poor.

Sen. Howard H. Baker of Tennessee. Minority leader of the Senate (you may recall, he's the guy who zapped Michigan's Sen. Bob Griffin, who had the leadership role all wrapped up at one point, and subsequently announced his retirement after losing to Baker, which led to an insurmountable campaign problem when he changed his mind, etc.). Baker is an opportunist (who, in politics, isn't?), but has good credentials. Chances: Poor.

George Bush of Texas. Former all-around handy man for Nixon and Ford administrations, including many top appointed jobs. Former congressman. Generally considered moderate. Wants the job. Makes a good personal appearance. Chances: Poor.

U.S. Rep. Phillip M. Crane of Illinois. Already announced. Only 48, he's a

former college professor and embraced by conservatives. Not well known anywhere, except in conservative circles. Chances: Poor.

John B. Connolly of Texas. Former governor and Kennedy appointee who turned Republican. Only 61, but he's been around a long time. Makes an impressive appearance, but has image problems. Chances: Poor.

Sen. Robert J. Dole of Kansas. Ford's running mate in a losing cause, and he probably helped lose it. Generally lumped as conservative; effective speaker, strong within Republican party. Chances: Poor.

Gerald R. Ford, formerly of Michigan. Needs no introduction, which is one of his strongest assets. Probably won't get into the rough-and-tumble of the primary picture, and may not even want the job again. Could be drafted. Chances: Poor.

William G. Milliken of Michigan. Long time governor, he was not on the Gannett list, but hometown pride includes him here. Generally classed as liberal. Chances: Poor.

Ronald Reagan of California. Also needs no introduction, which is one of his biggest assets, too. Everyone knows him, and what he stands for. But he's much older than most of his competitors, which will hurt, and he's been around the track a lot. Chances: Poor.

James Rhodes of Ohio. Another long time governor, who was not on the Gannett list either, but any long-time governor of Ohio should be mentioned. Not much national exposure or image. Hard to classify. Chances: Poor.

James R. Thompson of Illinois. Another governor, reelected last fall. Only 42, he's a sharp, impressive figure, who has lots of options. Waiting for 1984 may not be one of them, however, because it's tough for a Republican to survive in Illinois. Not well known nationally, and tough to classify. Chances: Poor.

Sen. Lowell Weicker of Connecticut. Classed as a liberal, Weicker at 47 is sharp, impressive appearing. Crossed swords with Nixonites early in the game. Chances: Poor.

So there's the early form chart on presidential hopefuls as of this point. As you can see from the Almanack's early analysis, it appears nobody's going to win the Republican nominations. Which may be the only way Mr. Carter's going to get a second term.

Rural letter carriers, who go to great lengths for their customers, will bring mail to more homes than ever before in 1979. Postmaster Baker noted today.

"It's quite likely that many of us received mail during the recent holidays bearing a special cancellation that read: 'Rural Letter Carriers, Serving America,'" he said. "And you may see the same imprint on some of your mail for a few days into the new year."

The cancellations were part of a tribute to the National Rural Letter Carriers Association, which has been in existence for 75 years.

"The number of Americans who receive their mail on rural routes today totals about 14.3 million families. Each day, more than 30,000 full-time rural carriers travel some 2.2 million miles — roughly equivalent to four round trips to the moon — delivering letters, packages, catalogs and other materials to the nation's rural residents," Postmaster Baker said.

Locally, about 2400 families are served by 5 rural routes. Mr. Baker noted that rural delivery was first officially suggested by Postmaster General John Wannamaker in his annual report for fiscal year 1891. The first bill to authorize rural delivery was introduced in Congress by Rep. James O'Donnell of Michigan on January 5, 1892, but the \$6 million appropriation request failed to pass.

More than a year later, Rep. Thomas E. Watson of Georgia managed to get a \$10,000 appropriation measure through Congress for

an experimental rural delivery service. It became law on March 3, 1893, the day Postmaster General Wannamaker left office. His successor, William S. Bissell, did not share Wannamaker's enthusiasm for such an experiment, and Watson was defeated in his bid for reelection, so the idea languished for several years.

It wasn't until October 1, 1896, that Postmaster General William L. Wilson used a \$40,000 appropriation set aside by Congress to begin an experiment with rural delivery service in his home state of West Virginia. It began with five routes, three out of Charles Town, a fourth from Halltown and a fifth out of Uvilla.

On December 20, 1899, Carroll County, Md., became the first county in the nation to be served by rural delivery.

Congress continued to appropriate funds for the service on an "experimental" basis until 1902, when an appropriation act made it permanent as of July 1.

After this, rural service spread like wildfire. It went from 82 routes in 1897 to more than 8,000 in 1902. And it was up to 15,000 in 1903, when the National Rural Letter Carriers Association held its first annual meeting in Chicago.

The number of rural routes peaked at more than 45,000 in 1926. But the total number of miles served that year — 1.2 million — was only about half the number travelled by rural carriers today, even though the actual number of routes has been reduced by about 13,000.

"The growth of rural service has been credited with both helping to develop the nation's highway system and adding new business opportunities for those with goods and services to sell by mail," Postmaster Baker said.

"While providing those services, rural carriers have developed a sense of responsibility for their customers that is almost legendary. Many times it has gone far beyond what customers normally expect from their post office on wheels."

The Lovells Chapel Guild met January 3, at Ruth Caid's home for their first meeting of the year.

Twelve members were present. A lovely potluck lunch was served and enjoyed by all.

Our president, Hazel Koernke, and many other members are spending the winter in Florida. They are missed.

In charge of Devotion was Sophie Koernke. Matthew: Chapter 19 and 20 was read by the group. A good discussion followed on marriage and divorce.

Our next meeting will be February 7, 1979 at Marie Laurie's home. Everyone is welcome.

Jerry Coulter, Sec'y.

## ATTENTION NORTHERN MICHIGAN LAND OWNERS AND MINERAL OWNERS.

With the 10 year oil and gas leases beginning to expire you will see an increasing number of newcomers entering the oil and gas play in this area. Some of these people will probably be capable individuals. However, most will be lease brokers who will be armed only with convincing stories of their past exploits and future expectations. Their purpose will be to sign your lease and sell it to an oil company for a profit and an additional royalty.

Before you sign with these individuals take time to consult with experienced oil people who have a proven record. These professionals will advise you that there are many facets to the oil business and all of these capabilities must be present to properly service your lands and convert oil possibilities to profits.

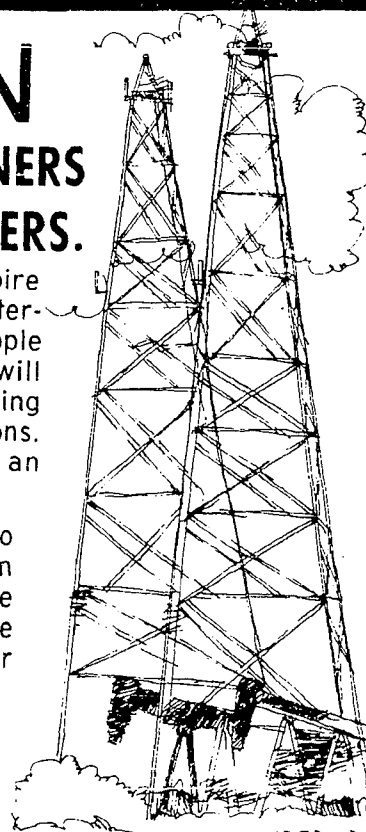

Before leasing to anyone you should check their drilling results in the past "Michigan Oil & Gas News" reports and ask the following questions.

### Clip and Save

- 1 Do you have a land department in Michigan?
- 2 Do you have a geological department in Michigan?
- 3 Do you have a staff geophysicist in Michigan?
- 4 Do you have a Petroleum Engineer in Michigan?
- 5 Do you have a production superintendent in Michigan?
- 6 Do you have the financial capability to operate in Michigan?
- 7 Can you supply bank references?
- 8 Do you now operate producing Niagaran Reef wells in Michigan?
- 9 Are you currently operating "sour gas" plants in Michigan?
- 10 Have you performed seismic, drilled producers, and successfully operated Niagaran wells in Michigan for a number of years?

If your party answers affirmatively to all these questions ask him or her to prove it! Remember, no matter how much cash bonus or royalty you may be promised, it could be insignificant compared to what your land may yield in the hands of a competent and proven oil company.

### Notice! Notice!

The film, "Pilgrim's Progress", will be shown at the First Baptist Church in Frederic, Saturday night, Feb. 3rd at 7:00 p.m.

Second only to the Bible in volume of sales, the book "Pilgrim's Progress" was written three centuries ago by John Bunyan. As an astute student of the Bible, he voiced sharp disagreement against many of the religious practices of his day. Although never brought to trial, he spent twelve years in prison. It was while he was in prison that he wrote the book.

The public is invited to attend. A free-will offering will be taken.

## Snowmobile

[Continued from page 1]

danger exists to snowmobilers who travel along the railroad right of way because of ruts and ice packing and especially because trains are unable to change their course of direction or stop for snowmobilers who may be in their pathway.

Trains operate in Crawford County seven days per week, day and night, and the dangers to snowmobilers who persist in driving on the right of way is enormous.

In view of the dangers that exist, law enforcement authorities in Crawford County have been instructed to enforce the trespassing law which prevents any vehicle, including snowmobiles and motorcycles, from using any portion of a railroad right of way other than a signaled crossing.

In the future, tickets will be issued to any snowmobiler or motorcycle driver who utilizes the railroad right of way for passage.

## Florida And No Snow

By Lora Gould

February 26th at 7:00 a.m. the Senior Citizens and any adult who wishes to go will leave for a three week trip which includes Nashville, Memphis, Natchez, Mississippi, New Orleans, Mobile, Alabama and Florida west coast; Tarpon Springs, St. Petersburg, Sarasota and Ft. Myers.

On the way back we plan to see a ballgame and visit the Bear Archery Plant in Gainesville. We will return March 18th. The trip includes full breakfast and full dinner everyday, and oh, what dinners you'll have. You buy your own lunch.

Seven special entertainments including Golden Apple Dinner Theater in Sarasota, Pete Fountains and Brennen's in New Orleans, three boat rides including Delta Queen and many, many more are included.

\$759.00 covers the entire three weeks, except lunches and cocktails, or what you spend shopping. You don't even tip or carry your bags. We cover everything! You do not have to be 66 or 60 to join us on a trip. If you have the time and money to go, call us. We must have all monies in the week of February 5th. Come in and get a brochure and treat yourself to a nice three weeks away.

## Motorists Warned Of Salt Shortage

Road agencies throughout the state are reporting a shortage of salt used to de-ice highways, roads and streets, the Michigan Department of Transportation reports.

Supplies are nearly exhausted in some areas and some agencies report they have only enough to salt at intersections and railroad crossings and on hills.

"We want motorists to be aware of the situation so they will drive with extra care and caution in icy or snowy weather," said Thomas M. Wiseman, highway maintenance chief for the Michigan DOT.

Wiseman attributed the salt shortage to a combination of weather factors.

"We had more snow and ice earlier than usual this

year, and we haven't had any let-up," he said. "Day after day, we've had just enough to require salting in order to clear the roadways."

"We are trying to locate additional supplies of salt," he said, "but most of it comes from Canada by ship, and the waterways are frozen over."

Wiseman said the DOT and the county road commissions which maintain state highways under contract with the state all had normal salt supplies in storage when winter began.

"In previous years, it has been enough to do the job until we could get additional deliveries," he said. "This year, that has not been the case."

State road crews and all 62 counties doing contract work

with the DOT have been instructed to conserve salt whenever possible. Some are able to switch to sanding of the highways where sand is available and where it will not cause problems to drainage and other facilities. Sand provides traction for vehicles, but will not clear the roadways of ice and snow.

If current weather conditions continue, Wiseman said, it is expected that some road agencies will run out of salt from time to time for the rest of the winter.

Some folks are quick to point out that Jimmy Carter promised he would never lie to us. And they add that they wish he would because of all the trouble the truth is causing!

## Appetizers

After you've prepared the aspic salad you like best, add a bit of grated horseradish, deveined shrimp, chopped green pepper and quartered ripe olives.

You might also try hot ripe olives heated in the chafing dish with a bit of liquid smoke, curry powder or garlic salt, to serve with round crackers.

If you want an afternoon treat or something for the sandwich box, stuff pitted dates with marshmallow, chocolate bits or whole almonds.

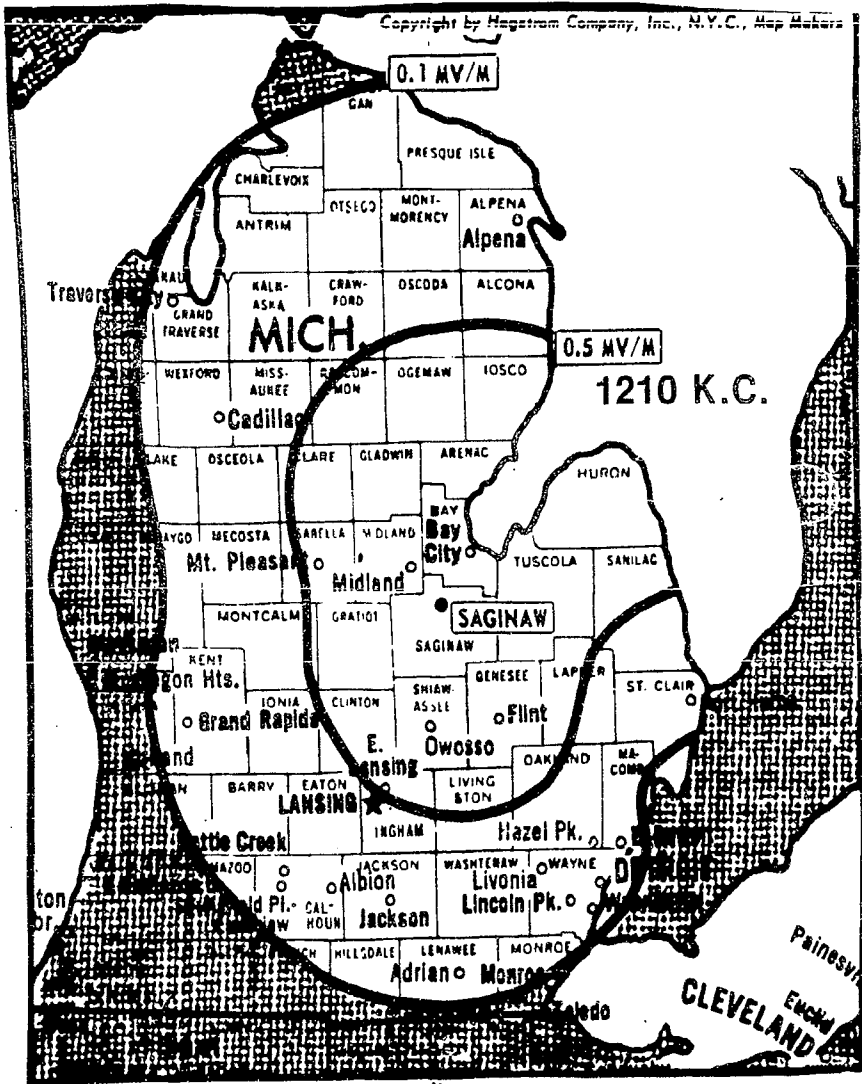

A quick and tasty dessert can be made by combining drained fruit cocktail with cottage cheese, salt, fresh dates and orange sections.

Having soup from the can? Combine green pea soup with tomato soup and two cans of water. Heat, sprinkle with chopped cooked bacon and serve.

## 'Amazing' Whales

## Biggest Animal Ever? It's Still Here on Earth And Belongs to Strange Family of Mammals

The largest creature ever to inhabit the earth was not — as many people suppose — the dinosaur or some other now-extinct prehistoric beast.

The biggest animal that ever lived is still alive and swimming in our oceans, according to International Wildlife magazine. It is the blue whale, which grows to a length of 100 feet and may weigh as much as 300,000 pounds.

An endangered species, the blue's world population is now estimated at less than 8,000. At birth, the calf is an astounding 24 feet long. It drinks 100 gallons of milk a day from a "straw" that connects to its mother and can gain as much as 200 pounds a day.

Like all whales an air-breathing mammal, "the blue is so monumental a creature that words alone cannot adequately describe it," the National Wildlife Federation magazine found, and so it commissioned a California artist and whale expert, Larry Foster, to paint a big blue, nursing her calf, and 11 other species of whales doing the "amazing things whales do."

Among the whales and the strange whale customs covered by Foster's report:

Byrde's whale. Found exclusively in tropic seas, the Byrde's whale is fond of leaping entirely out of the water — a neat trick for a 40-foot creature that can weigh 32 tons. "Breaching," as this behavior is called, may be a form of communication, since the crash of the animal's fall back into the ocean can be heard for miles.

Sei whale. For short sprints the sei is the fastest swimmer of all whales. Named by the Norwegians

after a fish that it follows, the sei can hit speeds of 18 miles per hour. Usually, it feeds by scooping up small crustaceans called krill on the ocean's surface, but it will also devour fish. Dashing into a school, the sei uses its lower jaws to surround its catch. Its throat balloons to enormous dimensions, and when the jaw is closed, water is strained out through the baleen — the sieve-like series of filters that some whales have instead of teeth.

Killer whale. Also called orca, the killer is perhaps the most intelligent of all whales. Orcas hunt in packs, and will eat fish, dolphins, birds, and penquins. The killer whale often toys with its prey before eating it, sometimes flipping its food 30 feet into the air in a convincing display of power.

Sperm whale. Immortalized in Melville's *Moby Dick*, the sperm whale's peculiar shape gives it an awesome appearance. A 60-foot long sperm whale has a huge head that accounts for one-third of its body length. Largest of

the toothed whales, they travel in family groups — as many as 100 have been seen together.

Although they are easily frightened by sudden sounds, sperm whales often snooze so soundly at the water's surface that they have been hit by ships. When an adult sperm is injured the other whales may gather about it or they may stampede. Males come to the help of females, but do not help other males. And while females flee when a male is hit, they will not leave a wounded calf.

Bottlenose whale. This curious and trusting whale has a head sloped like a wine bottle. The bottlenose often swims in Antarctic bays, but may find itself in trouble if the bay begins to freeze. If the 10-ton whale does not escape to sea, it must have a breathing hole, or it will suffocate. Since the bottlenose cannot chew or chip the ice, keeping a hole open is difficult.

Minke whale. The playful minke whale often jumps right out of the water, or

stands up in the water and looks about. But no matter where a mother minke whale goes, her ten-foot offspring is seldom more than a body length away. With an almost human tenderness, the mother stays in close contact with her baby, repeatedly touching it with her flippers.

Right whale. The rarest of all great whales is the right whale — so named because hunters said it was the "right" one to catch. Slow, short and fat, a 60-foot right whale may be 40 feet around the middle. Female right whales tend to be selective about their mates, according to International Wildlife. A female often avoids ardent males by holding her ten-ton tail high out of the water in a position that makes mating impossible, and may even swim upside down on the surface to escape determined suitors.

## Grayling Business & Professional

### Women's Group is Growing Fast

The rather new group, Business and Professional Women of Grayling, a nationally affiliated women's group, is growing fast and many new members have been added within recent months.

The February meeting of the group will convene on Thursday, February 1st in the Grayling Holiday Inn for dinner at 6:30 p.m.

Speaker for the evening will be Joe Wakeley who will cover the timely subject of "Taxes". The group is open to all employed women.

The special year 'round

project, adopted by the group is the care of Community Service, with special emphasis on Christmas, but help is available to any special needs throughout the year. This project is cleared and worked in co-operation with the Social Services Department and has met the needs of many families in the community. Anyone who wishes to contribute either cash, or yard goods, pieces of any size, yarns, all kinds, is welcome to call the project chairperson, Susan Noteware, at 348-7561.

Several items of business will be brought before the group during the regular meeting, among them the revision of the by-laws, the forthcoming new projects and the conclusion of the candy sale.

### A Big Thank You

A great big thank you to the 18 men from Camp Lehman who donated two full Saturdays to clean the snow off the roofs of the buildings at AuSagra Acres. This was very hard work and they worked diligently all day long. They were accompanied by Sheriff Haas, two deputies and Milt Mills, who also all donated their day off to help us.

We served everyone a nice noon lunch prepared and served by Agnes Nelson, Julia Ingalls and Glenna Walters. We have no funds in our budget for this type of an emergency expenditure and it was a real "shot in the arm" to have the wonderful cooperation of the men from Camp Lehman and the Sheriff's Department. We can't thank you enough.

Lora Gould

### WEDNESDAY NIGHT BRIDGE CLUB

Wednesday evening Bridge Club met at the home of Mrs. Jean Gothro on January 24. High for the evening was Elsie Jansen and second high was Peg Milnes. The traveling prize went to Mabel Gothro and the president's award to Helen Nicholas. Guest subs for the evening were Mary Gretchen Borchers, Peg Milnes and Ruth Amstutz.

CAMP LEHMAN residents contributed their time and energy this past Saturday cleaning snow from roofs on Senior Citizen complex buildings. Responding to a request from Sheriff Curt Haas and Director Lora Gould, eighteen volunteers worked all day Saturday and will probably return this weekend to complete the work. Dinner for the volunteers was provided by Senior Citizen employees and supervision provided by the Sheriff's Dept. and off-duty Camp Lehman supervisors. (Joe Schrader photo)

### AARP Meets

Crawford County Chapter number 1681 of the American Association of Retired Persons, Inc., held their January meeting on Monday the 29th at the Senior Citizens Center at 2 p.m. There was a good attendance present and Nick Shuraleff conducted the business meeting in the absence of President "Bud" SanCartier.

Entertainment was a Hee Haw Show, under the supervision of June Feldhauser and Angela Kirkum. Others taking part in the skit were Roy Gunderson, Earl Westbrook, Joe Kessler, Thelma Hunter and Frances Olsen.

Refreshments were served by Rose Gunderson and Velma Lobdell. The next meeting will be Monday, February 26th at 2 p.m. at the Senior Citizens Center. Frances Olsen

I used to be  
a Levi's  
blue jeans man

You know what it's like. You bought them because it seemed that was what everybody was doing.

But, I never liked the fit. And the way they would shrink! I never knew what size to buy. Always guessing.

Then they would wrinkle and pucker and twist in the leg and take forever to get soft. That was the pits.

Come, friends told me about Sedgefield. Crazy name for a jean, I thought.

They said it really fits—lean and clean like a jean should. That it does not shrink out of size or wrinkle or pucker or twist in the leg.

More, it gets softer faster and wears like a tough jean should while it's smooth and easy on my bod. How could I resist?

Now I'm a Sedgefield man. Everything they said is true. Sedgefield says they give you your money back or replace the jean. That's fair.

So now they say Levi's has a jean that acts almost like my Sedgefield jeans. But it's one third polyester. Who needs that plastic junk? It's fine for picnic cups and baby pants, but any jean that goes on my body has got to be cotton—all cotton. Sedgefield fits the bill just fine.

That's why now, I'm a Sedgefield man. Funny how things change.

Bernadine Dosch, Secretary  
Board of Education

**Completes  
Marine Training**

Marine Private Mark C. Love, son of James and Bergenia I. Love, of Route 2, Grayling, has completed recruit training at the Marine Corps Recruit Depot, San Diego.

During the 9-week training cycle, he learned the basics of battlefield survival. He was introduced to the typical daily routine that he will experience during his enlistment and studied the personal and professional standards traditionally exhibited by Marines.

He participated in an active physical conditioning program and gained proficiency in a variety of military skills, including "first aid, rifle marksmanship and close order drill. Teamwork and self-discipline were emphasized throughout the training cycle.

He joined the Marine Corps in March 1978.

Dear Whitey:  
I read with much interest the recent article about the Leader Dogs for the Blind. We have recently gone through this experience. You have our permission to reprint the attached letter.

It gave us a very warm feeling to know that our dog "made the grade" and is now fulfilling a worthwhile need. If any of your readers would like to know more about the Training School in Rochester, Mi., I would be happy to pass along what I know about it.

Dear Mr. Scott:  
"Robbie" was the 4,918th Leader Dog to graduate from the special training school in Rochester, Michigan, since the founding of the organization in 1939.

You can be justifiably proud of "Robbie" for as you know not more than 30% of all dogs accepted actually complete Leader Dog training. One more deserving blind person has been placed back in the mainstream of life - because of your generosity.

We join Mr. Phil Seketa of Illinois in being grateful for your important contribution to the Leader Dog program.

When the going gets rough, sometimes we wish we could be magicians and simply pull a rabbit out of a hat at the right moment.

But, it doesn't work that way. We have to face up to things like rising prices, the energy crisis, the kids' education and getting braces for Susie's teeth.

Sometimes there seems to be no end to it. And we're not magicians. Yet, even on the gloomy days, we have something that keeps us going. Guess you'd call it faith. It's not easy to come by, either—but once you have it, it is yours for keeps!

Where do you start looking? How about in the church of your choice?

Dear Sir:

I would like to thank Pastor Barnett for writing such an informative letter to the paper concerning the Moonies and/or the Unification Church. It's important that the people in our area are aware of them.

I refuse to let them bother my customers and sell their mints, ladybugs, flowers & etc. in our store. I regret that I must do that over and over because they just don't get the message!

Thank you,  
Mary Kelly

#### District Court

The following appeared before Judge Francis L. Walsh in 83rd District Court last week: Christopher Snyder, 17, of Pontiac, demanded preliminary examination. The 12-day period was not waived. He was charged with breaking and entering an unoccupied building. He was arrested on January 23 on a citizen's complaint. A \$1,000 cash/surety bond was set.

Greg A. Bindschattel, 25, of Frederic, demanded preliminary examination on a charge of malicious destruction over \$100. The arrest was made by the Sheriff's Dept. on December 19, 1978. A \$2,000 personal recognizance bond was set.

Patricia Rose Short, 19, of Frederic, plead nolo contendere to a charge of malicious destruction of property under \$100. Date of the offense was June 19, 1978, and arrest was made by the Sheriff's Dept. Probation of one year was given on another matter.

Marc L. Bindschattel, 19, of Frederic, demanded preliminary examination to a charge of malicious destruction of property over \$100. Date of arrest by the Sheriff's Dept. was January 23. A \$1,000 personal recognizance bond was set.

Steven Anderson, of Grayling, was fined \$105.00 and costs and restitution, to a charge of burning of personal property under \$50.00. Date of arrest by the Sheriff's Dept. was July 29, 1978.

Steven B. Anderson, of Grayling, plead guilty to a charge of driving while license was suspended. He was sentenced to 3 days in jail and was fined \$85.00 and costs. The arrest was made February 8, 1976 by the City Police.

Douglas N. Moon, 18, of Grayling, plead guilty to a charge of disorderly person under Grayling City Ordinance #4 and was fined \$105.00 or 10 days in jail. The arrest was made on October 21, 1977 by the City Police Dept.

Donald Gene Kurk, 31, of Lovells, plead guilty to a charge of a fictitious report of a crime, and was sentenced to one year probation. The arrest was made by the Sheriff's Dept. on November 3, 1978.

#### Host 'Snowshoe' Thompson race

KALKASKA - Sky Valley Ranch is preparing to host the first annual John A. "Snowshoe" Thompson X-country ski race Saturday, Feb. 17, beginning at noon.

The event, sanctioned by the United States Ski Association (USSA), will feature a 33 kilometer men's contest and a 22 kilometer contest for women. It is open to all citizens and USSA skiers.

An entry fee of \$5.00 (\$3.00 for USSA members) is being charged with registration taking place through the day of the race.

First place finishers in each category will be awarded medals with other prizes available for all other places. Refreshments will be served to all contestants.

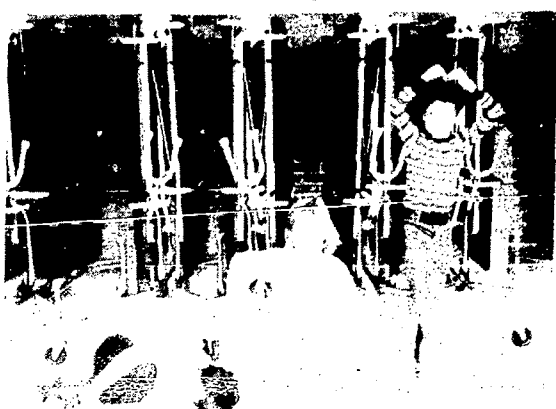

The race's namesake - John A. "Snowshoe" Thompson, was a U. S. mail carrier across the Rocky Mountains in the 1860's, in keeping with Sky Valley's western theme.

Groomed trails, marked by a color scheme, are open to the public every day for a minimal charge of \$2.00. Ski equipment is available at \$7.00 per day (includes trail fee). Registration available at Sky Valley Ranch or by phone 258-5982 - Mike Vlasic.

#### "A Touch Of Springtime"

In the midst of winter, a touch of springtime brightens the elementary school gymnasium as children put the Physical Education lessons into practice.

Did you realize that inside each and every child there is a flower or a tree just waiting to bloom and blossom? Well there is! I can attest to this fact, because during the past week I have seen over 600 different flowers and trees growing inside of the gymnasium. No, I have not been hallucinating! The children and I have been taking a journey through the wonderful world of "Imagination".

If you will study the picture above and for a few moments leave your world of "reality", you will see the growth and development of a beautiful flower. A seed is first planted in the ground, and as the roots sprout and spread, it begins to push upward through the dirt. Growing taller and opening slowly, the flower, nurtured by warm sunshine, begins to blossom. Now, as you step back into the world of "reality", study the picture once again — you may see the growth and development of several beautiful children.

**Social Services Board Meeting**December 18, 1978  
303 James Street, Grayling, Michigan

The December meeting of the Crawford County Social Services Board was called to order by the Chairperson, Mrs. McNamara, on December 18, 1978, at 9:30 a.m. in the Department office. Members present were Maureen McNamara, Johanna Gorman and Carol Wert.

The minutes of the November 27, 1978 meeting were discussed and approved on a motion by Mr. Wert, seconded by Mrs. Gorman. Master Vouchers (#8139-8190) for November, 1978 were discussed and approved on a motion by Mrs. McNamara, seconded by Mr. Wert.

The following bills were discussed and approved for payment on a motion by Mrs. Gorman, seconded by Mr. Wert: Cadillac Overall Supply (Maintenance supplies), \$9.70; McLeans Promart (supplies), \$13.10; Grayling Office Supply (office supplies), \$19.66; Van's Building Centers, Inc. (equipment for new building), \$451.00; Sohn Supply Company (equipment for new building), \$89.35; and Northern Michigan Office Furniture (equipment for new building), \$489.00.

**OLD BUSINESS:**

Mrs. Thomas informed the Board of the progress on the orders for equipment for the new building previously approved by the Board.

Mrs. Thomas gave the Board a report on her investigation of the County Hospitalization policy. The program was discussed by the Board and the Board requested that Mrs. Thomas contact the local hospital to obtain a schedule of fees.

Mrs. Thomas informed the Board that the building is coming along well and the proposed completion date is still January 31, 1979.

**NEW BUSINESS:**

Mrs. Thomas informed the Board that the General Assistance and County records of the Department were audited during the month, however, no audit reports have been received as yet. The Board stated that any questions from the auditors regarding the Board members should be directed directly to them and they will be glad to furnish any needed information directly to the auditors. Mrs. Thomas was instructed to inform the auditors of this. Mrs. Thomas was also instructed to inform the auditors that Mrs. McNamara is on the Board of Directors of the MCSSA Advisory Committee.

Mrs. McNamara informed the Board that she had attended an MCSSA Rural Affairs Committee Meeting on November 28, 1978. The minutes of that meeting are on file.

The Board approved installation of a "busy box" on the receptionist's phone in the new building. Payment of the \$14.00 installation fee and \$6.30 monthly rental was approved on a motion by Mrs. McNamara, seconded by Mrs. Gorman.

On a motion by Mr. Wert, seconded by Mrs. Gorman, the Board also approved the purchase of draperies and rods for the new building. This expenditure will be submitted to the State Office for possible reimbursement.

Richard Mansfield, Section 8 Housing Agent for the rental allowance program, visited the meeting and explained his duties to the Board.

The Board discussed the possibility of changing the regular meeting day to Tuesday. It was decided that since the Board is interested in interviewing the D.S.S. Staff, and many do not work on Mondays, the meeting will be changed to Tuesdays. A copy of the proposed schedule follows these minutes.

The next Board meeting is scheduled for January 23, 1979, at 9:30 a.m.

There being no further business to come before the Board, the meeting was adjourned at 12:25 p.m. on a motion by Mrs. Gorman, seconded by Mrs. McNamara.

Mrs. Maureen McNamara, Chairperson  
Mrs. Johanna Gorman, Vice-Chairperson  
Carol Wert, Member  
Mrs. Patricia Thomas, Secretary

### Kirtland C.C. Audubon Society To Meet Feb. 1st

The meeting of the Kirtland Audubon Society will be held Thursday, February 1st, at 7:30 p.m., in the Natural Resources Room at Kirtland Community College.

The topic for the evening will be "Penguins of Antarctica" presented by Mr. Weinrich, Wildlife Habitat Biologist of the West Branch Department of Natural Resources. Mr. Weinrich spent three seasons from 1969 to 1971 in Antarctica studying Penguins as part of his Master's Research Program.

All community members are invited to attend. If you have any questions about the society, please call Marilyn Rosi at 348-5189.

**THE KILTIES ARE COMING** to Detroit's Ford Auditorium Friday, February 9, at 8 p.m. to present "Alma College in Concert", an evening of musical fun for the entire family. Tickets are available now at Ford Auditorium and at Presbyterian Churches throughout southeastern Michigan. The ensemble includes the dancing Kiltie Lassies, pipers, the Kiltie concert band, jazz band, Alma Singers, and the A Cappella Choir fresh from its highly acclaimed tour of Poland and the Soviet Union. Among band members appearing will be (from left) Donald Potter of Atlanta, Robert Harris of Grayling, and Mark Ball of Onaway pictured with Band Director Todd Snyder.

### Sweet Adelines Activities

Mid-Mitten Chapter met on Wednesday, January 24, for their weekly rehearsal. Much work was done on show songs and competition songs. John started taping songs to aid in learning our competition songs and find our mistakes. What you hear on these tapes isn't necessarily what you want to hear!!!

Final arrangements were made for our Talent Show being held Saturday, January 27th. Some good acts have been lined up for the show.

Clara Handy brought a birthday cake to help President Jean Hess celebrate her birthday. Betty Weaver shared her cake, with her birthday being the following day.

Our prayers go to Joyce Lazzaro's husband for a rapid recovery.

### Young People's Concert Series

When most children and adults hear drums they immediately associate them with marching bands and rhythm patterns and most are not familiar with the other members of the percussion family. Did you know that percussion instruments play melodies? There are some very exciting pieces of music that are written for the percussion family. You can't help but feel happy when you hear them.

The Interlochen Arts Academy Percussion Ensemble under the direction of Thomas Schneller will be featured at the next Young People's Concert Series program. On Saturday, Feb. 3, at 11:00 a.m. "Percussion on Parade" will innovatively introduce area boys and girls and their parents to the members of the percussion family: tambourines, triangles, bells, tympani, marimbas, xylophones, chimes, vibes, cymbals, to name a few. There will also be some special surprises. The percussion family, according to Mr. Schneller, is the fire in the orchestra; it adds color and texture. The Percussion Ensemble will be demonstrating the capabilities of this family in a very musical and melodic way. They will feature the individual members such as the wood sounds, metal sounds, skin sounds by themselves and in combinations so that the audience will become familiar with the interesting musical abilities of the percussion family.

There are two important changes in the February 3rd concert: it will be held at Lars Hockstad Auditorium - Central Elementary School, Seventh and Pine; individual concert tickets are available for this performance so that everyone is assured of a seat. They may be purchased at Cradle to Teen, Kurtz Music, the Lollipop Shop and Keyboard Gallery. Season ticket holders must either present their season tickets at the above stores and receive their tickets for this performance or they may reserve their tickets by contacting Mrs. Louis A. Smith or Mrs. Edward Rutkowski.

**Livestock Eat, Too**  
Cottonseed meal, soybean meal, coconut meal, linseed meal, beet pulp, almond hulls, grape pumice and bone meal are just a few of the many by-products that are used in livestock feed.

### Frederic Elementary School News

Crawford County Junior Deputy Patrol. Speaker: Lt. Robert Ruddy.

First he handed nickles to four people and told them to look at them. He said that he would ask about them. Then he talked about patrol. He told us what a policeman on patrol looked for. Lt. Ruddy showed what a robber looks for in a house: trees or bushes near a house, thin windows that can be easily opened, doors that aren't locked, etc.

About the nickles! He asked the people that he had given the nickles to, to go up front and give the nickles back to him, he then put the nickles on a desk, and told the people to pick out their nickles. Two people were able to because they had seen marks on their nickles.

Then he showed slides about burglary. Next Lt. Ruddy told us about the slides. Next he told us about calls and that police depended on citizens. Then he let us ask questions. The End
